OPENING OF NEW PARK

Will Take Place Next Friday
June 14th At The
River.

THE CHANNEL AGAIN FILLING

Edgewater Bathing Pool Now
Ready For The Little
Folks.

Everything is being gotten into shape for the formal opening of Edgewater Park to the public next Friday afternoon. The program has not been fully made up, but an address by Alvin H. Clark will be a feature. It is probable that George Stumpf, one of the aviators associated with Judge C. O. Prowse, will give a program of aquatic performances, as he is an expert swimmer and diver.

The row boats ordered are expected to be here before that time and trips up the river in a dozen or more boats will be taken.

The flood gate was put back at 10 o'clock Wednesday morning and the water is now up near the top of the

dam and the river is in fine shape. Five electric lights have been strung along the river and in the park and the new bath house will be painted before that time.

Plans are already underway to push the river driveway from the park to the North Mainstreet bridge, the entire distance from Second street.

NO MORE DRINKING CUPS

Bill Passed By Legislature To
Go Into Effect In Next Few
Days.

By means of public opinion awakened by women of Kentucky, a bill passed by the recent Legislature goes into effect June 10, prohibiting the use of the common drinking cup. For several years the agitation in regard to this question has been growing. The spread of disease through the use of the common cup in railway stations, steamboats, boarding houses and stores is an undoubted fact. Henceforth no public cups are to be permitted. It is required by law that bills be posted warning people of the penalties of breaking this law.

Reward.

Dr. J. E. Stone, while visiting a patient near Gracey, lost a medical grip which also contained some surgical instruments. Suitable reward for return.

LAST GAME UNTIL JUNE 17

Evansville Closes First Series
Of Three Games Here
This Afternoon.

THE MOGUL STANDS SECOND

Only Clarksville Is Outranking
The Moguls In First Ten
Games.

The Moguls opened the Evansville series Thursday afternoon by giving the visitors a walloping by the score of 8 to 3, in a game that was at no time a doubtful contest. The Hoosiers are a husky bunch of big fellows but are not well organized and their playing showed a lack of experience.

The Moguls have made several recent changes. Kuykendall, pitcher, and Harris, shortstop, were let out Wednesday. Enloe, an old Kitty player, is on short and there are enough pitchers without Kuykendall.

Webber is now playing 2nd, Conrad 1st and Burnett 3rd. Smith was hurt Wednesday and Dayton is catching and doing well except in handling foul pop-ups, which seem

to give him trouble. He is a good hitter and with a little practice promises to become another Huhn. Lyon, Kesling and Webber are popular stand-bys and the fans have confidence in all four of the pitchers—Johnson, Yon, Hawkins and Renner.

The second Evansville game was played yesterday afternoon and the series will be ended with the game to-day. The Moguls will go to Cairo Sunday for four games, then to Henderson for four and return home June 17 to play Paducah and Henderson three games each.

STONE AGE

German Scientists Recently
Had What They Called A
Stone Age Banquet.

With the sand bank as "the table," dishes and utensils were made in models of those used in the stone age.

Cabbage soup formed the first course. It was cooked in a wooden bowl by means of stones that were first heated and then thrown into the water into which the cabbage had been placed. As fast as the stones cooled others which had been heated were put in to take their place. The cooking took a great deal longer, of course, than the newer methods of today, but time was not an object.

Boiled "leg of horse" came next. It had been cooked in the same manner. Roast pork, cooked over the living coals, and far better tasting, the scientists said than any offering of the greatest hotels, was an important dish. Stewed maize, cooked by the hot-stone method, went with the pork.

Turnips were roasted in the ashes of the fire, the fire hardened part jerked away and then served steaming hot. After this there was a desert of dried berries and wild honey. The banquet lasted more than three hours, and when it was over and the scientists were once more going back to their homes of civilization, the guests all insisted that if the stone age man fared as well as this he had little to complain of in the matter of food. The scientists ate either with their fingers or out of bowls that were placed before them. There were no knives, no forks, there were no tablecloths and no napkins.

Returns to Old Flame.

Louisville, Ky., June 7.—Divorced from his second wife, formerly Mrs. Clara Ellis, of Corydon, Ind., whom he married shortly after obtaining a divorce from his first wife, Mrs. Martha Wolfe, also of Corydon, about fifteen months ago, Dr. Z. C. Wolfe, who holds the office of head physician for Modern Woodmen of America for the states of Indiana and Tennessee, remarried his first wife in New Albany last Tuesday night.

NEW GAME LAW

Requires a License Before Any
One Can Hunt Off His Own
Lands.

The new hunting law will go into effect next week and it will then be unlawful to hunt without a license except on your own premises, owned or leased. The law also applies to seining, trapping or dynamiting fish. The penalty is a fine or imprisonment, or both and the confiscation of the outfits captured.

Resident hunters that have lived in the State 12 months preceding, may obtain a license by paying \$1.00. Non-residents must pay \$15. They are issued by the County Clerks on proper application, who will furnish blanks for the purpose.

Our County Clerk has not yet been supplied with blanks, but will be in a few days, we are told, in time for the hunters to be ready for the opening season of squirrel and young rabbits June 15.

All persons hunting without a license in possession, ready to be exhibited to any one demanding same, will be subject to a fine of not less than \$10 nor more than \$25. Licenses are not transferable. Any person who shall make to an officer authorized to issue hunting license, a false statement or change or alter his license in any manner, shall be punished by a fine of not less than Fifty Dollars (\$50) nor more than Two Hundred Dollars (\$200,) to which may be added imprisonment in the county jail. That is going after them some. He had better pay one little dollar and be a good law abiding citizen, and at the same time help to protect the fish and birds.

The law is also very stringent in regard to killing song birds.

Don't miss a night next week at the big Park show.

SWEETHEART AS DECOY.

Officers Make Another Effort
To Capture George
Blackburn.

Owensboro, Ky., June 6.—Using his sweetheart as a decoy, officers of this county hope to capture or kill George Blackburn, who shot and killed Policemen Coleman and Dawson here Saturday night and wounded Policeman James Bell. The man hunt was resumed when seventy-five armed men crossed the Ohio river and entered the thicket on the Indiana side, where his sweetheart, Ella Campbell, says Blackburn is hiding.

The girl was released from the jail at Rockport, Ind., upon her promise that she would lead the posse to Blackburn's hiding place. She had been arrested as an accessory after the fact, after it was learned that she was carrying food to her lover.

It is known that Blackburn was wounded by Policeman Bell in the right leg. He has been seen limping and leaning on a stick. It is believed he is in a serious condition from exposure and privation.

Park's Big Show all next week! Only ten cents to all.

Judge W. S. Holmes, of Morgantown, Ky., is in the city prospecting with a view to investing in farm night.
